HTC VIVE - Virtual Reality System: Designed from the ground up for immersive, room-scale virtual reality, HTC VIVE lets you experience new, unimaginable worlds thanks to game-changing technology and best-in-class

yourself be visually, phy  
ing from games and

ring characters, sights and  
hype, get excited and see for

yourself what everyones raging about. Headset: Putting on the headset washes away the real world with fantastical games, immersive stories and endless possibilities. Features include precise tracking, adjustable straps and eye relief tuning for captivating and comfortable immersion. Wireless Controllers: With wireless controllers designed specifically for VR, interactions feel intuitive and natural, like an extension of your hand. Imagine feeling lifelike tension as you string a virtual bow and arrow, grabbing objects to examine closer or using shields to deflect enemy fire. Base Stations: SteamVR Tracking technology lets the headset and controllers track their exact location and movement, so you can freely explore and interact with the virtual world. Room-scale VR gaming puts you at the center of the action while you enjoy a wide-open space to play.

- Vive is built from the ground up for room-scale VR, which allows you to physically move around objects in the virtual space.
- Enjoy hundred of games for SteamVR, plus everything you love about Steam in VR.
- An adjustable headset and multiple eye relief adjustments, including lens distance and IPD, make Vive comfortable and clear.
- Wireless controllers designed just for VR make for natural and intuitive interactions.
- SteamVR Tracking provides a superior experience whether you play seated, standing or in a room-scale space.

False Advertising

YOU WILL NOT GET FALLOUT 4 VR WITH THIS PURCHASE. I bought this bundle on March 25, it arrived at my post office and was ready for pickup April 2. The HTC code for Fallout 4 VR is a PROMOTIONAL CODE that ENDED on March 31--two days before my "bundle" arrived in the mail, and because the code is
